

MARY LASHELS.

MARCH 5, 1840.

Laid on the table.

Mr. CHITTENDEN, from the Committee on Invalid Pensions, made the following

REPORT:

*The Committee on Invalid Pensions, to whom was referred the petition of Mary Lashels, of Bucks county, Pennsylvania, report:*

That the petitioner represents that she is the widow of John Lashels, whom it appears was wounded in the year 1813, while in the service of the United States as a soldier. She prays a pension be granted her in consequence of the injuries received by her husband while in such service.

As Congress has not seen fit to provide for the widows of such persons as were wounded in the late war with Great Britain, the committee do not feel warranted in establishing a precedent by granting the prayer of the petitioner; therefore, ask to be discharged from the further consideration of the petition.
